

# THE COURT OF ASGARDIA

## **Decision of the Supreme Justice of the Court of Asgardia** Special session from 09.01.2019

### **Subject:**

Resolution of the Supreme Space Council  
on submission by Parliamentary speaker Lembit Öpik.

### **Reference:**

According to the Resolution of the Supreme Space Council of 09.01.2019, a special meeting was called and held on 09.01.2019.

The subject of the request was one or more allegations of misconduct by individual Parliamentarians, in relation to examples of the behaviors which were presented.

The Panel examined the alleged misconduct on the basis of the documents and records provided by the Speaker of Parliament. These related to the corresponding parliamentarians.

The subject of the investigation was whether the statements in writing violated the rights of third parties in a way that justifies a sanction. It was reiterated that in keeping with the operation of a democracy, it is unacceptable to cultivate offensive behaviours which violate the constitutionally guaranteed rights of others.

The basis for my decision was the detailed discussion of the facts by the delegated sub-group of the Supreme Space Council. With careful consideration of the results of the investigation and the statements of the members, the following is issued.

## DECISION

- [REDACTED]
- [REDACTED]
- [REDACTED]

The facts relating to the behavior of these individuals justifies their immediate dismissal from their offices. Given the evidence available, it is justified and necessary to remove the parliamentarians accordingly. Resulting from this decision to block theis access to any accounts in Asgardia domain.

- [REDACTED]
- [REDACTED]

These individuals have not consistently acted according to the statute. However, given the comparatively minor nature of the transgression, it was decided to issue an advisory caution to both. It was noted that they should seek to ensure their manner and expressions comply with the Article 4 of the Constitution of Asgardia and parliamentary ethics.

The decision is directly effective and enforceable by the administrative organs.

**Yun Zhao**  
**Head of Supreme Space Council**
