### DECREE № 15

ON FINANCING ASGARDIA IN 2018

03 FEBRUARY 2018 (06 FEBRUARY 0002)

1. All financing of Asgardia, without exception, from the moment of my public announcement regarding its creation at the press conference in Paris on 12 October 2016 (05 October 0001 by Asgardian calendar), and up until the present time, has been and currently is carried out by me out of my personal finances.
2. From the moment of the announcement of the results of Asgardia's parliamentary election voting not earlier than 1 April 2018 (07 April 0002), the Parliament itself will determine its working conditions, the sources and funding of the work's financing.
3. Until the formation of other government bodies – the Government, the Supreme Space Court, the Prosecutor's Office, the National Audit Office – the financing in this part will continue to be carried out by me until at least 1 July 2018 (14 Asgard 0002). After that, the Government and other agencies will themselves determine their working conditions and will present their budgets for confirmation by the Parliament.
4. My financing of the work of the Administration of the Head of Nation, the General Affairs Department and the Supreme Space Council will continue until at least the end of 2018 (0002). After that, my personal financial participation in the organisation of Asgardia will cease, as we are creating a full-fledged, real, independent space nation, not a project of a specific person.
5. In the future, I will carry out all regular financial obligations as a citizen of Asgardia and as the Head of Nation for the duration of that term in accordance with the Constitution and the laws of Asgardia.
