

ASGARDIA

CHAIR OF PARLIAMENT

Annex 3

21 CANCER 0004/ 9th June 2020

Subject: **PROPOSED DISMISSAL OF AMPS BECAUSE OF NON-RESIDENCY**

Dear Head of Nation,

I am formally submitting a proposal for the dismissal of six Asgardian Members of Parliament from the Parliament of Asgardia.

The reason for my proposal is that the AMPS I am proposing for dismissal have not paid their Resident's Fee, and are therefore no longer Residents of Asgardia. You will be fully aware that it is necessary to be a Resident of Asgardia in order to serve in its legislature (this condition is in force in lieu of the condition that AMPS must be Citizens. When citizenship is fully established it will be necessary to be a Citizen in order to serve in the legislature).

All these AMPS – and indeed all of Parliament – have been repeatedly advised of the necessity of paying the Resident's Fee in order to qualify as a Resident, and therefore qualify to serve as an AMP. I also said at the conclusion of the VIII Digital Sitting of Parliament formally, and unambiguously, that those AMPS who have not paid their Resident's Fee would no longer be eligible to serve as AMPS after the conclusion of the Sitting.

The list of AMPS whom I am proposing to dismiss from Parliament for the reason that they are not Residents of Asgardia is as follows:

- 1 Christian Boehler
- 2 Abderrahim Ennajj
- 3 Mandi Gould
- 4 Geoffrey Holmes
- 5 Oleg Romashouck
- 6 William Spears

I do not propose any further sanction other than their dismissal from Parliament. Subject to the approval of the Supreme Space Council, I will communicate this decision to each individual and explain that on payment of their Resident's Fee they will gain the status of Resident, with all the rights that carries with it, but they cannot participate in the upcoming by-elections to Parliament.

I am happy to provide any further information to the SSC on request.

I remain, as always, in your service and in the service of Asgardia,

Lembit Öpik
Chairman, Parliament of Asgardia
